## Welcome to the NEW American Standard!

American Standard is part of Ideal Standard International group of companies, world leading producer of bathroom and kitchen products.

As a world's leading contemporary brand, we create bathroom designs integrating audacious functional solutions with styles that allow everyone to express their own personal flair.

Award-winning designers including Robin Levien, Mario Bellini, David Chipperfield and Seymour Powell have created designs that lend style and luxury to your home.

American Standard is always dedicated to enhancing the total environment of your bathroom by combining innovation and beauty for a unique body and mind experience. We continue to invest the most advanced technology to ensure that innovative products work perfectly and look beautiful.

Each piece of porcelain is made to the highest standards. American Standard also makes mixers, taps and shower fittings from solid brass as well as a full range of baths and shower enclosures.

So for the complete bathroom, live the ideal to American Standard.

President Director,  
Iwan Dwi Irwanto

## **6 reasons to choose American Standard one-piece toilet**

### 1

#### **ELEGANT AND STYLISH**

Our one-piece toilet is carefully designed to ensure elegant beauty and reflect your style

### 2

#### **COMFORTABLE**

The meticulous design ensures maximum comfort for your body.

### 3

#### **EASY TO CLEAN**

Seamless design leaves no dirt between water closet and bowl

### 4

#### **LIFE TIME WARRANTY**

10 years for body and seat cover warranty

### 5

#### **ANTI-BACTERIAL**

Anti bacteria additive, added into the bathroom products, is safe for human beings and inhibit bacteria for a long time. Its anti-bacteria effectiveness last as long as the lifetime of the product.

### 6

#### **WATER SAVER**

Choose 6, 3/6, or 3/4.5 liters for each flush. Save water with every use.

# INNOVATION

*American Standard*

## Water Saver

Choose 6, 3/6 or 3/4.5 liter for each flush. Save water with every use.

*American Standard*

ISO 9001:2000  
From BUREAU VERITAS Certification

## Anti Bacterial

Anti bacteria additive added into the bathroom products is safe for human being and inhibit bacteria for a long time. Its anti bacteria effectiveness lasts as long as the lifetime of the product.

## Dual Flapper

Double power flushing (Rim Clean and Power Jet)

## Anti-Break & Anti-Scratch

Manufactured from high impact resistant urea-formaldehyde, the imported Anti-Break & Anti-Scratch high quality seat cover has a polished surface designed for luxury and durability, enduring up to 240 kg.

## Slow Closing Seat & Cover

A whisper-quiet close for an enhanced bathroom experience.

## Top Fixed & Quick Release

The Top Fixed seat cover designed to be easily installed from the top of toilet bowl offer an innovative and fast way to replace the seat cover.

## Inventor of Ceramic Disc Cartridge

The discs are made out of Alumina Oxide fired at 1,400 deg. C and polished to tolerance of 0.6 microns. Each cartridge is tested to operate over 1.5 million on/off cycles without failure ensuring drip-free use for life time. The American Standard cartridge is used in over 80 countries! Over the years, we have produced more than 320,000,000 units

## Low-Lead Faucets

The Faucets use advanced lead extraction technology to reduce the lead release in water. The lead release from the faucet with Family Health™ tech is only 50% of that regulated by the US National Standard. This ensures clean and good quality water. It is also very environment friendly.

## Click Technology

This new high-tech cartridge makes American Standard products even more comfortable to use. With the new CLICK cartridge you can manage your bath comfort, thanks to the new water saving variable function, improved Hot water temperature Control Function and a wider comfort zone.

## Ideal Flow

An innovative Ideal Flow is an invisible overflow system that eliminates the need for unsightly and dirt catching overflow holes on wash basins.

## Cycle Valve

The Cycle valve faucet designed to be able to adjust temperature and pressure only in one direction lifetime warranty.

## Comfort Seat

Ergonomically shaped to ensure maximum comfort for you.

## Comfort Push Button

The bigger push button allows you to control the flushing at your ease.

## Clean Flow

A perfect balance of design compatible with cutting-edge clean lines enables you to keep your bathroom clean and perfect for your home.

# Moments

Moments was created in the spirit of "one work of art" applied to ceramics, fittings, accessories and acrylics.

The strength of Moments is its simplicity.

The geometrical shape joins fluent surfaces and soft edges to give Moments its sensual character and its harmony and balance.

# Imagine

*A dynamic relationship between two trapezes in a three dimension space.  
Minimalistic, but not too simple*

The creator of the new imagine suite believes that the design discipline is a multi level activity, creating a synergy between three major actors : Technology, Industrial Design and Fashion.

**The Technology** : represent a Global vision. It is sometimes invisible but fundamental in today's world.

**The Design** : which should give us the Human dimension and the possibility to create a dialogue with our products.

**Fashion** : which today is the major market provocateur, it represent lifestyle and attention to details.
